

For output, things to keep in mind —

- Subsets showing, options to drill down/link for more
- Right output type (audio/vd/image/print/screen)
- Any useful info generated by system is output
- Branding (logo, colour scheme, typography) for info outside business
- Detailed info, summaries etc. for internal
- Understanding user demographics
- For large audience, web docs with print options
small " , screen/audio
- Understanding bias — choice of data, wording, visuals
goal is to remove misleading
proper sorting, limits, graphics (type, scale, colour)
- Instructions to help guide
