

Sprint	Task / Feature	Priority	Assigned To	Start Date	End Date	Actual End Date	Difficulty	User Story
1	Project Environment and Database + Firebase Setup	High	Mounota	06/12	08/12	09/12	Medium	As a developer, I want the project environment and Firebase database configured so that the team can begin building features on a stable foundation.
1	UI Skeleton Design for All Main Pages + General Authentication	High	Maisha	09/12	11/12	12/12	Medium	As a user, I want to navigate a consistent UI with secure login/signup so that I can access the app safely across all main pages.
1	Complaint Submission with Image Upload + GPS	High	Ridita, Saba	12/12	14/12	14/12	High	As a citizen, I want to submit a complaint with a photo and my GPS location so that authorities can identify and locate the issue accurately.
1	Initial Feed to View All Submitted Complaints	Medium	Obidit	13/12	14/12	14/12	Low-Medium	As a citizen, I want to browse a feed of all submitted complaints so that I can stay informed about issues reported in my area.
1	Initial Image Detection AI	High	Mishkat	11/12	14/12	14/12	High	As a system, I want to automatically analyse uploaded images so that complaint content can be validated and categorised using AI.
2	Complaint Feed	High	Obidit, Mounota	22/12	25/12	27/12	Medium	As a citizen, I want a real-time complaint feed so that I can view and track all complaints submitted in my community.
2	Complaint Screens Split in 3 Parts for User Convenience	High	Ridita	24/12	27/12	28/12	High	As a user, I want the complaint submission process broken into clear steps so that I can fill in details without feeling overwhelmed.
2	Image Detection AI	Medium	Mishkat	26/12	28/12	28/12	Medium	As a system, I want improved AI image detection so that submitted complaint photos are more accurately classified and processed.
2	AI Recommendation for Authority, Title, Description	Medium	Saba	23/12	26/12	28/12	High	As a citizen, I want the app to suggest the appropriate authority, title and description for my complaint so that it reaches the right department quickly.
2	Authority & Admin UI Flow	Medium	Maisha	27/12	28/12	28/12	Low-Medium	As an admin or authority user, I want a dedicated UI flow so that I can manage and respond to complaints efficiently.
3	Authority Workflow + Notifications + Appeal/Rate	High	Maisha	20/01	23/01	23/01	Medium	As an authority, I want to manage complaint workflows, send notifications, and handle appeals/ratings so that citizens receive timely updates on their complaints.
3	Authority Map View + Complaint Report + Admin Dashboard	High	Mounota	21/01	24/01	25/01	High	As an admin, I want a map view and dashboard showing complaint reports and statistics so that I can monitor city-wide issues at a glance.
3	Duplicate Report Detection	Medium	Ridita	22/01	24/01	25/01	Medium	As a system, I want to detect and flag duplicate complaint reports so that resources are not wasted processing the same issue multiple times.
3	Authority Recommendation	High	Saba	21/01	25/01	25/01	High	As a citizen, I want the app to recommend the most relevant authority for my complaint so that it is directed to the right department without delay.
3	Admin Workflow for Appeal + Upvote	Medium	Obidit	21/01	24/01	25/01	Low-Medium	As an admin, I want to manage complaint appeals and upvotes so that I can prioritise high-impact issues reported by multiple citizens.

Sprint	Task / Feature	Priority	Assigned To	Start Date	End Date	Actual End Date	Difficulty	User Story
3	Image Detection AI	High	Mishkat	22/01	25/01	25/01	High	As a system, I want advanced image detection AI so that complaint images are precisely categorised and matched to the correct city infrastructure issues.
4	Specified Complaint Categories + Sorting & Rating Fix	High	Saba	03/02	07/02	13/02	Medium	As a citizen, I want to select from defined complaint categories and have results sorted and rated correctly so that I can find and submit relevant complaints easily.
4	Department-Wise Complaint Fetching for Authority Side + Statistics Graph	High	Mounota	04/02	06/02	11/02	Medium	As an authority user, I want to view complaints filtered by department along with statistics graphs so that I can monitor and prioritise workloads efficiently.
4	Add Evidence Feature	High	Ridita	04/02	08/02	11/02	High	As a citizen, I want to attach additional evidence to my complaint so that authorities have all the information needed to resolve the issue.
4	Authority Analytics + PDF	Medium	Maisha	05/02	08/02	13/02	High	As an authority, I want to generate PDF reports of complaint analytics so that I can share performance data with stakeholders.
4	Authority + Admin Notification + User Ban	Medium	Obidit	05/02	08/02	14/02	Medium	As an admin, I want to send notifications to authorities and ban abusive users so that the platform remains trustworthy and well-moderated.
4	Multiple Issue Detection	High	Mishkat	06/02	09/02	14/02	High	As a system, I want to detect multiple issues within a single complaint image so that all identified problems are logged and routed simultaneously.
5	AI Verification for Add Evidence	High	Mishkat	20/02	23/02	25/02	High	As a system, I want to verify added evidence using AI to ensure no irrelevant images are submitted.
5	Draft Offline Gallery	Medium	Ridita	24/02	27/02	01/03	Medium	As a citizen, I want to save complaints as drafts while offline so that I can submit them once I am back online.
5	New Category Detection & Admin Review	High	Saba	27/02	02/03	05/03	High	As an admin, I want to review and map new problem categories identified by AI so that the system remains accurate.
5	Admin Analytics	Medium	Obidit	25/02	27/02	01/03	Medium	As an admin, I want access to comprehensive analytics so that I can monitor overall platform activity.
5	Bump and Escalation Logic + User Duplicate and Image Reuse Detection	High	Maisha	28/02	04/03	06/03	Medium	As a system, I want to bump or escalate complaints when authorities fail to respond in time to ensure resolution. Additionally I want to detect duplicate reports by the same user and prevent image reuse to ensure report integrity.
5	Redesigned Index Flow (Pre-Login Feed) + Email Verification with OTP	Medium	Mounota	02/03	05/03	07/03	Medium	As a citizen, I want to see the complaint feed before logging in so that I can browse reports quickly.
